

## Word-Search Puzzle: Common Talking-Button Words

*Paws and Claws Society, Inc.*

There is a growing number of social media accounts sharing videos of pets (dogs, cats, even a pig and a horse!) using talking buttons to communicate with their people. (See the article about this in our [Fall/Winter 2021](#) issue.) This puzzle contains 75 words that are commonly seen in popular talking pet videos. If you follow any of these pets, can you guess which accounts these words came from?
